

What does this mean?

I felt moved to write this piece because I heard a lady Reverend 'Anomalous' bring this point up in a radio program as a response to a person new in 'Christianity', asking her this question when on the subject "Why does God allow suffering in the World". The Reverend 'A' obviously felt that she was able to answer it satisfactorily (in a worldly manner) to the person and thus repeated it to us listening to this program for our 'benefit' and 'edification'.

Let me take the liberty to quote her answer:

"The theme of justice is one that pervades our everyday lives, although in the West we generally reduce it to the language of rights and entitlements: from the expectation that we should get value for money at the local supermarket, to a fair trial if accused of a wrong we may or may not have committed. Then there are those who seek entitlements on a national or global scale, such as the demand for reparations arising from wars or slavery.

The Bible views justice as more than a simple idea or ethos. Justice is what I do to make things right with God, my neighbour, especially the poor, marginalized, stranger or foreigner in/and my environment. On a global scale, justice is concerned with acting out God's response to a hurting world. Because God is still just, defending the poor, supporting the weak and challenging the rich. In actual fact, God is still just, working through the lives of ordinary people like you and me."

I would now ask the reader regarding these pleasantly spoken, reassuring sound-bites:

"Is this what Yahweh would desire to hear a self-claimed representative of Him state to the world?"

Let me paraphrase in simple terms what the listener on the radio would understand from this message, when not having the time to re-evaluate and reassess the content by listening again.

1. Justice pervades our everyday lives => Justice occurs in our lives.
No it does not occur!
This is why people are depressed and take "The Law into their own hands", also vigilantes roam!
2. Westernised people associate justice by getting value at the supermarket.
No it does not occur!
The price is what the seller can get for the product and not its real worth (this is the first rule marketing and sales personal learn)!
And, is it what the producer can get? – For example being paid less than what it worth with 3 per day milk producers going out of business. Farmers going bankrupt because meat from abroad is being imported cheaper where the animals are being raised in far worse conditions than here?
3. Westernised people associate justice by having a fair trial if accused of wrong we may or may not have done!
No it does not occur!
*We witness **very many** unfair trials in both directions – The innocent being jailed or the guilty being let off free! Listen to what many of the victim's families have to say after a trial?*
4. All people of the world are able seek entitlements and demand reparations for wrong doing.
No it does not occur!
*We witness **very many** practices occurring – and so much slavery still occurs in the world today (a quoted figure of some 100,000+ children slave workers in the world, many entrapped women forced to be prostitutes, children of both sexes forced to operate in the sex trade, the list is endless)!*
5. God's Justice is more than these simple concepts (ideas and ethos).
So the Reverent is suggesting we have something complicated to understand – that she is privileged to and is now to make known to us – she will answer a 'mysterious concept'!
6. So (God's) Justice is what we make right (*correct*) with God (*because that was the question*)!
So this has spun the concept on its head! We now have what is God's justice something that we get right with God ourselves – interesting idea!
7. Also (God's) Justice is what we make right (*correct*) with our neighbour!
Interesting – because she quoted this in the first paragraph but went on in the 2nd paragraph to state that it was more than this = instant confusion! What does she mean?
8. (God's) Justice is that we now act out God's response on a global scale over a hurting world.
What is God's response on a global scale? – Are we to force our will upon The World – because that is what this statement means – if people do not agree with God (being our interpretation of what 'God' wants) then we act out His response (according to what we think it is)!
Sounds like what we do today and causes wars because of it!

9. Challenging the rich! (*sounds like a good idea*).
*But many religious intuitions are very rich – perhaps we must challenge Religious institutions?
 Perhaps starting with the one she represents?*
10. God is still **just** working through the lives of all of us today!
*I am glad she is finished her piece, because at this point she has utterly lost it!
 I will explain **precisely** why later – giving 11 reasons why!*

As an aside: The word “Just” means “equitable” also “righteous” = “fair outcome”.

So in conclusion to the analysis of what she said – I ask again the reader this question:

“Is this what Yahweh would have wanted to hear from His self-acclaimed representative?”

The answer, sadly, is a loud and resounding : **No!**

But she in ‘His Name’ is supposed to be teaching us! Her peers have blessed her and made her a priest!
 This is why I was so utterly sorry for the listener and I had a righteous anger to all these supposed
 representatives who have not the faintest clue about what they are speaking of! Being those who wear
 this mantle of apparent, but worldly, respectability which is unjustified - as demonstrated by their
 fruitage!

Now let me explain what Yahweh would want His representatives to say.

Firstly we must always refer things back to His Word being Jesus Christ (JC), being the very mouth piece of
 Yahweh here on this earth. So we then ask ourselves what would JC have said in the response to the question:

“God is Just ... What (*does this mean*)?”

The first thing JC said was (Mark.1v38):

“That he came to teach of ‘The Acceptable Year of The Lord’ (Yahweh)”

But I did not hear the quoted Reverend mention that, but rather we should get involved with global politics!
 So she said nothing about what she should have spoken of (The Millennium), and something about what she
 should not have said (being involved in worldly politics)!

How very interesting!

We are told here by the quoted Reverend ‘A’ that we are to solve world problems – but sadly, in doing so, we
 become part of the problem!

But:-

This website www.FutureLife.org freely tells The World of humans that The New Testament screams out The
 1000 year Millennium period which immediately follows The Gospel Age (of about 2000 years after JC’s
 Ministry) but sadly the worldly Christian Leaders do **not** mention it in their sermons (as we all witness).

This “Acceptable Year of the Lord” is “The Millennium” period lasting for 1000 years.

But what JC preached and taught the 1st century Christians to preach was never preached after the council of
 Nicea in 325AD and neither do the very worldly Christian leaders today preach it – so they have some
 explaining to Yahweh upon their resurrection (if resurrected – see elsewhere)!

I have even heard from a worldly Christian that this “Acceptable Year of The Lord” is operating now!

How bazaar? And so very strange!

Where do they get their evidence from?

Let me explain the evidence from The Bible (effectively running on Biblical quotations) to fully support what
 this website is telling The World.

1. “The Year” in God’s terms represents “the life of a human”. Being the whole term from birth to death.
 Except the 1st death has now become “asleep” for all humans (only because of JC’s Undeserved Gift =
 The Ransom Sacrifice) thus the full year becomes completed at the harvest (when taken into The
 Granary of Yahweh) or the burning of the weeds (= The 2nd Death).
2. Thus The Acceptable Year is the 2nd part of our life where we will be living in an environment that
 Yahweh finds Acceptable part of our growth period (see parable of The Darnel seed). Now clearly it is
not acceptable when Satan is ruling during the 1st part of our lives (being the period of our life up to our
 1st death = asleep), but only upon our resurrection as we enter the 2nd part of our lives into The
 Millennium period under the control of Yahweh’s most righteous (equitable) Son JCg ruling within a
 spiritual body. This is the period when humans must learn righteousness by being cajoled into imitating
 JC’s lifestyle during his ministry.
3. We are told this will occur in “The Day of the Lord” which has many periods just as a day has in human
 terms, being sunrise (JCg’s 1st 2nd C = see Glossary), morning (teaching and training period), afternoon
 (3.5 year Assay period) and finally the evening (harvesting of the grain and the burning of the weeds).
4. We are told (“so that we are not ignorant”) that a Day of the Lord is a 1000 years and specifically, so
 that (as we are told) “so we are not ignorant”, we are told this fact twice in the same verse!
5. We are told by Paul that Satan will rule for 6 days, and in The Day of Completeness being the 7th (block
 of 1000 years) it will be a Day of Rest away from Satan’s machinations being the pain and suffering
 that we all witness now during the present 6000 years.

So let us now apply our knowledge to what we see around us.

1. **If** “The Day of the Lord” is a 1000 years and **if** as worldly Christian leaders preach Yahweh’s Acceptable year started at Pentecost or later when Cornelius was baptised. - Then why has The Gospel Age continued for 2000 years?
2. **If** “The Day of the Lord” started at Pentecost or at the Baptism of Cornelius and **if** the Gospels and Epistles were written after these events (and they were) why is the constant message given within the epistles being that The Day of The Lord was still something of the future. Specifically the latest being written at around 90+AD by The Apostle John while he spoke of the end times coming for the present system, thus he was still looking forward to “The Day of The Lord” that clearly had not yet come!
3. **If** JC came to preach (= preached of and demonstrated the nearest by application) of “The Acceptable Year of the Lord” which I maintain is “The Day of the Lord” where we are told that JCg will be ruling the earth, then I do not see an abrupt change in worldly affairs between AD and BCE. As far as I can see in my history lessons there has been **no** change, except in the last century there has been more suffering though mankind’s self destructive works in upon itself than the previous 19 centuries added together!

Which ties in with The Bible telling us “Woe to The World now that Satan knows his time is short”. Thus when I weigh up The Evidence within my mind I can see quite clearly that JCg is not asserting his full power (or any global power) upon the present worldly system. For the sole reason he is awaiting for ‘The Command’ from his Father Yahweh before he moves in with his Father’s full power and authority. As we are often reminded in The Bible of Psm.110v1-2 that JC used upon himself several times to tell us that he will wait until Yahweh says:

“**Now go** – I give you My full Authority, being My Power of The Holy Spirit to exercise over your enemies (upon the earth).”

However The Bible tells us that JCg has power presently over individuals within The World.

The Bible tells us that JCg’s **presence** will be with these **compliant/humble** humans by placing Yahweh’s Holy Spirit (HS) within them so that they as being the parts and limbs of his body are forming the stones of the future temple in The Millennium as his Bride of Christ (there are about 6 Bible quotes in that one sentence).

The Bible further tells us that these individuals are within The World, but ‘blind to The World’ (= desire not to act according to the operations within the present world) because their focus is upon Yahweh through their intercessor JCg (more quotes from The Bible). These specific individuals are whom I term as True Christians (TCs) to differentiate them from worldly Christians (see Glossary).

The Bible tells us in three places (thus not symbolic) that these ones who make up **The New Spiritual Israel** will be 144000 in number, thus this number of people will be elected/chosen (by Yahweh) out of a pool of humans (being The Christian Nation as a whole dispersed through all the nations of the Earth called “The Dispersion” by both Peter and James) during the 2000 year period of The Gospel Age (I explain precisely **why** and **how** all this logically operates elsewhere).

It becomes obvious that if there are 144000 in number then this is not the whole Christian nation, and thus the rest of the Christian Nation is deemed as ‘The Unfaithful’ ones – just as Yahweh said of Old Israel through the prophets. Thus the rest are not deemed worthy of the special prize being Sonship to Yahweh (again I explain precisely **why** and **how** all this logically operates elsewhere).

Now where am I going with this long preamble?

The problem is that I need to set the background behind Yahweh’s Righteous/Equitable Plan for all humans because it is **not** preached (as we witnessed at the start of this piece) by those who claim to represent Yahweh’s interests. The reason they do not – is because they do not understand it!

I hope this is the reason because **if** they do understand, then they become more culpable if they know and hold back this information to frustrate Yahweh’s Desire, being the opposite as demonstrated by JC’s ministry. If they read this piece they will now have no excuse – so let us see if there is a change in their preaching – because ultimately they **will** reap Yahweh’s vengeance – if they do not!

I am thus explaining Yahweh’s Plan to show that it is equitable. I could expand so much further to show how the logic in Yahweh’s Plan holds together, but that would take so many pages of duplicated work which is already covered in so many other places on this website. Thus I implore the reader to fully read the contents on this website www.FutureLife.org to precisely understand exactly how Yahweh’s Plan holds together.

However I wish to move on and answer the original point of this piece more directly.

We have seen that what was said by The Reverend ‘A’ (supposedly speaking on behalf of Yahweh and JCg) were actually utter lies (causing the listener to dismiss Yahweh’s full Credentials – which I am trying to readdress here) and further, did not answer the original question that this poor person asked!

Incidentally when The Bible speaks of a “poor person” it does not mean monetary terms as this Reverend insinuated, but rather “poor in spirit” being “Poor in The Knowledge of Yahweh” as the Rich Man and Lazarus parable tells us (that is something else that this website has to untangle – see Luke.16v19-31 in the section “NT Translated” – where this is correctly explained for the reader).

The Question was: “God is Just What” (does this mean)?
 Where God here means Yahweh as ‘The Absolute Master Authority of The Universe’.
 Where Jesus Christ is “ho theos” in context to mean “the specific god” of us (on this planet).
 Again I have to untangle worldly Christian doctrine (elsewhere) on this concept of The Trinity being an utter falsehood that the Epistles specifically warned us of occurring after they were written (I would be interested if very best worldly Christian theologians can find it in The New Testament as a test of their knowledge or abilities of understanding of God’s Word?) – so I will not give the quote here!
 The Bible tells us that Yahweh is Just = Righteous = Equitable = scrupulously Fair.
 The Bible tells us that JC was a witness (being present to speak accurately) of Yahweh, and are told that he is the image of Yahweh to mean just as The Bible tells us “If you have seen me (JC) then you have seen The Father”.
 Thus we can reason also that JC is Just = Righteous = Equitable = scrupulously Fair.
 Thus we can further reason as The Bible tells us that “JC is one with Yahweh likewise the TCs are one with him” (I thought that I would add the 2nd part of The Bible quotation because it is ‘conveniently’ ignored by the Trinitarian grouping).
 Thus The Bible is telling us that just as JC has the same mind and thought processes to be like his Father, then likewise the 144000 TCs of The Gospel Age have the same mind and thought processes to be like their future Bridegroom JCg (while they are presently “The Body of JC” acting here as representatives within The World on the Earth. Thus being the extension of The Head (= JCg) and whose electrical signal from The Brain through the nervous system is The Holy Spirit (HS) from Yahweh.
 So after all that – lets get back to the question because we do not see justice operating in the world today nor during the last 6000 years except for 3.5 years around the immediate vicinity of JC during his ministry period some 2000 years ago which was showing the nearness in application of ‘Yahweh’s Acceptable Year’. This was JC demonstrating his righteous credentials, to show us and all the entities of The Universe, that Yahweh was correct to have utter confidence in His Son to give all those so many prophecies in The Old Testament, being about His Son’s future ministry and thus his-to-be exulted position over all humans as The Rightful King of The Millennium.

So why is there pain and suffering in The World today – leading to the injustice that we all witness around the whole planet through all of mankind through the ages?

For the one sole reason specifically as The Bible tells us in many places – summed up as: ‘

“Satan is presently ruling as ‘The Pretender’ to the throne over mankind.”

And this occurred for the sole reason:

“The first reasoning entities representing mankind freely chose to accept what Satan said in preference to what Yahweh declared.”

And quite simply as soon as you accept what ‘The Pretender’ declares as being correct rather than the real thing being The King - then you must live with the consequences during this present system of things to proceed to a conclusion occurring at the end of The Gospel Age where The Bible tells us that Yahweh has to step in “else no flesh will be saved”! Thus it must be demonstrated (else it will always be dismissed by the sceptics) that the whole progress of mankind away from The Righteous King (JCg) under the custodianship of The Pretender (Satan) finally leads to destruction.

Let me explain this in a modern day Parable.

Let us assume that there is a class of children being educated by their teacher in how to perform the solution to a mathematical problem (for example a ‘long division’ sum).

The teacher starts to show the children how to do it, then a child jumps up and says:

“You don’t do it like that – I know a better way!”

The teacher then replies – “No, this is the only way.”

But the belligerent child refuses to accept that statement and some of the fellow classmates also agree with the belligerent child that ‘the teacher does not know how to solve this problem’, and that their method is better!

So the teacher says:

“OK – You show me and in front of your supportive classmates how you would do it.”

The child jumps up and starts to show the class how they should do it. But very soon the child starts to make mistakes.

What should the teacher do?

Step in to help or allow the child to finally capitulate realising that his/her method was wrong.

If the teacher steps in to help before the child desires help while they are still in a tangle, the child will not acknowledge that it was the teacher’s knowledge/assistance that got him/her through the tangle.

The classroom sceptics will always consider that given enough time the belligerent child would get to the correct solution!

But if the teacher waits until the belligerent child capitulates, then the watching children will understand that the belligerent child's method was wrong and their expectations were incorrect, and also the child would understand from personal trial that his method was wrong.

When the belligerent child is humbled by realising his method was wrong – then the teacher steps in to show the class and the belligerent child where their expectant method was wrong and substitutes the correct method to then solve the mathematical problem. Those who desire to learn the solution then meet 'The Requirements of The State Law'.

Notice that the teacher always had the knowledge and the ability at the very start of the lesson to correct the ensuing problem.

That parable clearly explains the present situation facing the whole of mankind today.

The children = us, being the generations of new humans coming into The World that face 'This Problem' in the course of our lives.

The Teacher = Jesus Christ as intercessor between The State (Society's) Laws and the children.

Society's rules to become numerate = Come from Yahweh = Righteous Laws of The Universe.

The mathematical problem = Eternal life.

The belligerent attitude shown = Our personal worldly desires (self-interests come first).

The wrong solution = The results of our present lifestyle.

The correct solution = Yahweh's solution to achieve eternal life.

I would declare that The Teacher provided The Righteous = Equitable = Scrupulously Fair solution throughout the whole lesson, particularly when the children of little knowledge looked back and reviewed what occurred during that lesson, demonstrated by the problem being solved.

The correct solutions were naturally based upon the Laws of the Land to achieve The Required Standard set by The State (of The Universe) represented by Yahweh, which ultimately we must attain.

So just as we are, each one of us in this 'class-room' lesson during the period of the 1st part of our lives failing 'the correct solution' to a point where we stop = our 1st Death = "asleep"), then likewise the righteous, equitable, scrupulously fair solution was (in the example), but will be, given during the 2nd part of our lives after our resurrection during The Millennium when The Teacher tells and shows us 'The Solution'.

But something had to occur to allow this righteous, equitable and scrupulously fair solution to be given and thus to show us the method to obtain eternal life in a most wonderful future society.

Firstly The Teacher had to demonstrate competence (JC's ministry) to meet 'The Law of the Land' (being the requirements of eternal life) to be in the position to instruct the children.

Yahweh said (in this example) that this was 'the numerical method' that we of society must learn and we collectively rejected it, thus to give us an opportunity to learn from our mistake from Yahweh's Decree then unchanging Yahweh must act righteously to enable Him to give us all one last opportunity. This was made possible by JC righteously, equitably, scrupulously fairly stepped in to offer the method/solution to the problem by becoming the sacrifice for us and further the example for us to follow (being The Teacher).

For the more astute children (fast learners) being the (144000) True Christians (TCs) now while we are in the first part of the class room (to become a future teacher as a TC resurrected as "a Son of God") or later (resurrected into The Millennium) for the other children who are learning to be come subordinate children that listen to The Teacher, and newly qualified assistants (= kings/priests from the TCs of the astute children of the 1st part of their life). Finally those who refuse in the 2nd part of their life to learn "The solution to Eternal Life" will be rejected out of The Classroom (because the rest of the children have rejected 'the false solution' and are desirous of the correct solution from now qualified teachers) for these rebellious ones to face The 2nd Death of Annihilation – because they refuse to make 'The Grade'.

Hopefully this illustration gives some logical solution to where we are located within Yahweh's Plan, and what will befall all of us in The Future.

So where are we in God's Plan?

We are all still in the 1st part of our lives learning from our mistakes as we keep choosing the incorrect solution to our lives. And as such we are behaving in a most unrighteous manner as we witness operating within The World. But sadly very many worldly Christians leaders are like other rebellious children all jumping up and wanting to get involved in the solution to the problem (as this quoted lady Reverend said) rather than being a mild mannered child in stating:

"Let the Teacher show us, so that we may be in a position to copy The Teacher."

This is precisely how TCs are presently living their lifestyle imitating JC's ministry just as Paul instructed us. Thus we must accurately preach Yahweh's Word and be blind to The World of Politics. Just as The Bible tells us in so many places.

How does all this link in with Yahweh and JCg being Just= Righteous = Equitable = Scrupulously Fair? As I stated earlier, JCg stepped in to give us a 2nd opportunity to satisfy Yahweh's Law = Not to Sin.

This enabled Yahweh to righteously/equitably on a 'like for like' basis resurrect each individual human on a 'one for one' basis upon 'The Undeserved Gift' (being 'The Ransom Sacrifice') that JC gave to each us.

Because Yahweh must demonstrate His Righteousness – He cannot bend or change His Laws, else it would unsettle all entities that exist in The Universe.

Further, The Millennium is a period time where The Bible tells us that all things will be Restored. Thus it will be a period of reconciliation between all parties, where "everything that was done in secret during the first part of our lives will be shouted across the rooftops" specifically as The Bible tells us. Thus what we presently hide, will be fully exposed to all relevant humans having social intercourse with us during the 1st part of our lives – this will be mutual – thus like a large networking lattice of active restoration/reconciliation. We will have 1000 years where we all must make reconciliation with those whom we have harmed during our 'up to 70+' years of interaction during the 1st part of our lives, so perhaps 10 to 20 times longer spent in restoration, than the period of initial harm that we originally caused during the 1st part of our lives. Clearly those who had a wonderful time now "exploiting others" will have a fairly difficult, exacting, problematic experience during the restoration of things during the 2nd part of their lives (so far adrift from the solution to the 'long division' sum).

But those who are now the exploited 'slaves' during the present period of time under Satan's painful jurisdiction will find this new life (under JCg's rightful rule) absolutely wonderful – being an utter release from the 1st part of their lives (they were close to finding the solution to the long division sum).

Now I ask the reader to reason upon the effect this will have on people's mental state then during The Millennium period having knowledge that what they are to experience during The Millennium is possible for an eternity.

What will it be like for:-

1. Those who had comfort exploiting others but now forced to be humble in their 2nd part of their life?
2. Those who had the 'rough end of life' during the 1st part of their life?

Those in (1) are more likely to behave like "Lot's Wife looking lustfully back" at the things that were theirs in Satan's world (of today) and thus loose the desire for their real life (being their whole life = a compilation of the 1st and 2nd parts for eternal life to Yahweh's requirements) and find 'the solution' to The 2nd Death = Annihilation more attractive. But it was their personal decision of selfishness rather than one of humility.

Those in (2) will look back and think: "I do not want to go back there!" and thus will come through Satan's last 3.5 year assay period at the end of The 1000 year Millennium where Righteousness has been taught.

However this stated scenario which will occur just as The Bible tells us is still a righteous/equitable/fair 'like for like' situation, because those of (1) can still reform if they so desire and thus be saved from The 2nd Death and enter into an eternity of the most wonderful lifestyle where mutual tolerance will be exhibited to all in society within a most wonderful paradise restored from the pollution presently created today - as we now witness!

Also I believe that we will then be free to interact with the rest of Yahweh's wonderful creations elsewhere in The Universe.

Why?

Because we have now become perfected in our attitude and now comparable to all other forms of creation, and thus not anymore 'the pariahs of The Universe', thus our present 6000+1000 year quarantine period will be removed because those who remain will no longer pollute other operations of Yahweh's Universe with our sinful manners.

Those who are successful will not be the defiant, rebellious - but rather mild mannered and subordinate, not out of fear but understanding that this leads to a more successful Society Order – because those who remain have experienced both and never wish, by free choice, to go back to the former condition.

Essentially those remaining have freely chosen to follow Yahweh's solution to 'the problem' of eternal life.

I now again ask the reader what do they now understand from this very brief overview?

1. As a collective species we are filling the earth as Yahweh proposed through JCg's original creative actions. Righteousness (justice) was demonstrated when Yahweh allowed this action to occur, rather than complete extermination at The Flood event. Thus allowing the human species to have JCg to fulfil his ministry and later self sacrifice some 3000 years (or so) later for a resurrection.
2. We are presently living during the 1st part of our lives which would have been the only part had it not been for The Creator of our species, JCg's most wonderful action of allowing his personality and 'being' to be placed (by Yahweh's Power of The HS) within a corruptible fleshly body that could be annihilated if he once sinned.
"That is real Righteousness (Just) to provide a 'like for like' escape route for us all!"
3. The 2nd part of our life being The Millennium being called by The Bible as The Restoration, is the period of time where humans must and will become reconciled with each other during 1000 year period.
"That is real Righteousness (Just) to provide a 'like for like' reparation between all humans!"

4. The final Assay period of 3.5 years (at the end of The Millennium period) that directly mimics JC's ministry period here on Earth will be where **all** humans in fleshly bodies **must imitate JC** against the thrust of the released Satan so that they assay themselves as being perfect before they pass through into Yahweh's Granary for an Eternity.

“That is real Righteousness (Just) to provide a ‘like for like’ assay period where we demonstrate our belief in JC (by imitating JC's lifestyle) as the witness for all Entities in The Universe to see the Perfection of Yahweh's Omnificence to provide a Righteous, Just, Equitable, Scrupulously Fair solution to the problem of sin in **all** of mankind!”

So finally I ask the reader:-

Who gave the better explanation to the Question:

“God is Just What?”

An Aside: Thus quoting the last line of The Reverend's speech:

“God is still just, working through the lives of ordinary people like you and me.”

Why has she finally lost it here?

Because The Bible is careful to tell us that Yahweh is very particular about who He decides to operate through! Yahweh most certainly does not operate through the lives of ordinary people like you and me.

This is an utter lie - and thus Yahweh most certainly is not operating through her!

In fact this type of teaching is from worldly religions particularly the eastern religions where they state:

“God is in you” – (A quote from Buddhist source).

Thus leading to the common ‘feel-good’ sound-bite of worldly Christian Leaders:

“You can see God in other people” being another lie.

The Bible tells us that this was only possible in JC being the image of Yahweh.

Why can I state with absolute accuracy:-

Yahweh does **not** work through the lives of ‘ordinary’ (means ‘worldly’) people like you and me.

1. It leads to the anarchy that we see around us today – everybody doing their own thing in ‘the name of God’ because they think they are correct (the more extreme being termed ‘religious fanatics’).
2. It leads to ordinary people thinking they have nothing more to do in learning of The Truth, thus do not come to intimately know what Yahweh demands of them.
3. It leads to people thinking it is a rubbish statement (and thus the representatives represent a worthless religion) when they see people operating around them who clearly do not have Yahweh “working through the lives of ordinary people”.
4. The Bible specifically tells us that only JC is the image of Yahweh – and no one else.
5. The Bible specifically tells us Yahweh will **not** operate through a person of two souls/lives.
6. The Bible specifically tells us that Yahweh will ignore those who do not listen and operate to His standards.
7. The Bible specifically tells us that it is JCg who has a presence with us only if we open the door to him and have supper with him – and very few people in the world do this.
8. The Bible specifically tells us that it is through JCg that Yahweh's HS can come through to us.
9. The Bible specifically tells us that ordinary people are not given to understand but only those whom it has been given. Thus Yahweh clearly does not operate in those who do not understand.
10. The Bible specifically tells us that there are only special people whom Yahweh operates through.
11. Finally The Bible specifically tells us that Yahweh only operates through those humans who slave to fulfil His Desire of them!

So I give 11 reasons both from The World and from The Bible to show us that this Reverend ‘A’ is lying to us and leading us astray from The Truth.

Essentially just as The Bible constantly warns us (going from memory at the time of writing): “Leading us to wander through beguiling talk”, “to tickle our ears” and “talking to our worldly senses” are quotes of these so many warnings from The Bible.

But this is the talk of Satan to confuse those who listen so that they do not feel the inclination to read The Bible daily – because they already think they have ‘the solution to The Problem’ by having “God operating in them today” for eternal life!
