

Terms that should be explained

Issue date 14 Mar 2008

I heard this on Radio 4 and it started well.

I thought at long last I would hear something that helped people come to know of what Yahweh's Desire of them might be.

But sadly I was deluded. It was not long before the speaker drifted off to please 'worldly ears' rather than explain what Yahweh most Desires of His subjects during The Gospel Age.

Let us see what the reader thinks:-

Friday, 14 March 2008

Bishop George Stack

Most people accept that true education is much more than acquiring skills or knowledge, learning facts and storing information. Education of the whole person involves the physical, emotional, intellectual and spiritual dimensions to sustain a balanced life.

The price we pay for overeating, overdrinking or overindulgence of any kind is the subject of endless 'healthy living' articles and programs. However, if we overlook or repress our emotional and psychological health there are disastrous consequences too. And in a culture where the spiritual dimension of life is often squeezed out, questions of the meaning and purpose of human existence become insistent the more they are repressed. Our daily prayer helps us distinguish the different kinds of knowledge and the implications of our decision, our words and actions. We remember that when the mind knows, we call it reason, and how essential it is to act in knowledgeable and rational ways. When the heart knows, we call it love. How precious is the love in which we are held by those who are close to us and for whom we are responsible. When being knows, we call it meditation because in our prayer we seek to know ourselves as God knows us and learn that we are destined to know, love and serve him in this world and be happy with him for ever in the next.

Lord God, lift us up beyond the limits of our knowledge and understanding, that we may see this world and its people created, known and loved by you. Amen

As with many other pieces that I critique – initially 'their work' seems fine when reading it with a worldly viewing mind. But when placed alongside what The Bible specifically tells us then we realise that it is deviant to 'The Absolute Truth' from Yahweh's Word – being what these worldly religious leaders claim to represent!

Thus that is the problem:

It seems fine in a worldly mind only because it has never been instructed to know any different!

From this observation, it obviously begs the question:

It is only when we realise that if something presented does not faithfully represent what Yahweh tells us, then what else might be said in error?

Let me now carefully explain where this piece drifts away from what The Bible specifically tells us.

Bishop George Stack

Most people accept that true education is much more than acquiring skills or knowledge, learning facts and storing information. Education of the whole person involves the physical, emotional, intellectual and spiritual dimensions to sustain a balanced life.

A laudable statement – I cannot disagree with any of it.

However a few caveats – being what is never explained by worldly Christian leaders because quite simply they do not understand what these terms mean – but vent forth waffle when asked!

1. Spiritual.
2. Life.

So perhaps this might be a good opportunity to explain what these terms really mean (in Biblical terms) – because the reader will not get Yahweh’s understanding of these terms from any other source!

I will not get drawn into the ‘101’ errant worldly definitions of “spiritual” as given within and without all the various religions of the present worldly system, but only explain what The Bible tells us it means – naturally using Strongs acclaimed concordance to support me.

The word “Spirit” comes from Greek word “pneuma” Strongs = 4151 to mean “breathe”, “wind” which I explain my Glossary under “Spirit” means:

1. The ‘thing’ itself is unseen (with human vision), but:
2. The ‘thing’ itself has power, because it causes things to occur around it.

I further link this in with the Hebrew word “nephesh” meaning “to breath” and the Greek word “psuche” Strongs = 5590 for soul where translators swap “life” and “soul” together purely as the fancy takes them without understanding the subtle difference between this word and the other Greek word “Zoe” Strongs = 2222 to mean the outward signs, being ‘a period of outward observed life’.

In my glossary I explain what all these terms mean and actually how they relate to Jesus’ terminology being “Heavenly Treasure” that is stored in the heavens.

To quickly bring everything together rather than repeating various sections of my glossary, when The Bible speaks of “spirit” (and hence “spiritual”) relative to humans, then it is speaking of the human synapse construction within the brain. It being something that is ‘unseen from outside but has the power to cause things to occur’ on the outside of the body that are visible. The Bible tells us that all living animals have “souls” (being the two parts functioning together, 1. fleshly body controlled by 2. a synapse construction), and when the fleshly animal dies then loosing the fleshly body means the synapse construction does not function and thus ‘the source of operations’ also dies into oblivion.

However:-

Because of Jesus’ Ransom Sacrifice, then every human has by right, one opportunity for a resurrection into what will be a perfect DNA body (just as Adam and Eve originally were created into) – and for this to occur then Yahweh is now (because of what Jesus did for each of us) able to ‘legally’ (= without contradiction to His Edict on Sin) store “The Synapse Construction Mapping” on an individual basis. This can then be used to reprogram a virgin brain with this mapping profile to reproduce an identical reasoning clone of our former self – that thinks and reasons exactly as ourselves – and we will understand ourselves to be ‘our self’ only because our synapse mapping is our personality retained. Note, that while the body is perfected – the personality is still of its former corrupt state as it left (being retained) the 1st part of its life.

Can the reader understand the perfect logic and also practicality of all this?

Thus we are able to understand that “spirit” just means

‘It is unseen but has the ability to affect/effect the environment.’

And merely a term that means a condition of operation delivering visible results, rather than a specific entity.

Thus “spiritual” is just an extension of this definition, being ‘the things’ that pertain to the condition of our brain (= the things that effect the synapse mapping = our personality) which through the operation of the synapse construction delivers results that affect/effect the environment around it.

This definition then encompasses all aspects where “spiritual” is used, even when it is used in terms of spiritualists as individualists working in this area, and also the positive and negative influences that The Bible warns us about. Thus it is a most accurate description being ‘The Absolute Definition’.

Please remember this all encompassing definition, because we come back to it later to show how the bishop does not understand what this term really means – because he uses incorrectly.

So in explaining “spirit and spiritual”, I have drifted into “Life”, but need to explain this because worldly Christian Leaders have completely lost The Bible message being The Good News – and just do not understand it because they only spout mystic waffle (being almost as many wild ideas as worldly Christian leaders) about our future existence – which most certainly does not originate from The Bible!

What they do not understand is that our life is made up of two parts, the 1st part under Satan’s inept management of 6000 years, and the 2nd part of our life as seeds growing in the sunlight of Jesus’ righteous rule (as The Lord of the Sabbath = 7th day) as The Darnel Seed parable tells us. This 2nd part is never taught by worldly Christian leaders (just because they do not understand it) – it being the resurrection of everyone into what The Bible terms The Millennium of 1000years (being the 7th day – where 7 is Hebrew for perfection and

completeness) where all things shall be revealed, and all ‘the hurt’ occurring in the 1st part of our life must be undone through reconciliation and reformation. Thus we are then to be judged upon our whole life that will be made up of two parts only because the 1st part was terminated as The Bible tells us as being “Asleep”.

Can the reader understand this? – This is precisely what The Bible tells us – but it is never taught! Thus placing the word “Life” into the context of the bishop’s talk we then realize that there is a much greater education process than he could presently even dream of – being what will occur to us all upon our resurrection into The Millennium – where we shall learn from our mistakes made during the 1st part of our life – thus being our full education in knowing both ‘evil’ and then ‘good’ societies of a 2 part life!

The price we pay for overeating, overdrinking or overindulgence of any kind is the subject of endless ‘healthy living’ articles and programs.

And Yahweh’s intense displeasure! Further examples of overindulgence, that I term self-indulgence for self-gratification would be ‘the striving’ for power, money, prestige, position, material, internet, entertainment, being all things to please ‘the self’, rather than worshiping Yahweh by acting as a ‘slave of Christ’ to imitate his ministry. The best healthy living articles might be found in The Bible, by learning from other people’s mistakes and following Jesus’ most Righteous example. As we are told: ‘The Bible was written for our wellbeing and education.’

I wonder if the bishop will tell us this fact – especially if he is writing/speaking about ‘education’?

However, if we overlook or repress our emotional and psychological health there are disastrous consequences too.

Not quite!

It depends on what is feeding our emotions and where our emotions take us.

Sometimes, our emotions can lead us to perform actions that might lead to the most disastrous consequences – hence we **MUST** learn to repress our emotions!

Now I realise the bishop spoke about ‘emotional health’ rather than ‘emotions’, but many listeners would mix the two together and gain the wrong understanding from sloppy phraseology. Bearing in mind the bishop is supposed to be speaking to an audience clearly about what Yahweh Desires for us, thus being particular in not mixing it with what can be accepted as worldly – especially now it is accepted that: “Look after number one”, “Do what we want now because we only have one life”, etc. is a predominant driver today.

Reference to psychological health, then I have covered that earlier when explaining that our “synapse Construction” is our personality stored on the DNA operating platform of our brain (for humans in their present condition), being able to reform it by our desire in choosing how to learn from The Environment. This is a most wonderful creation by Jesus, inasmuch, no human has any excuse to state: “I was forced to do this by my DNA!” – Because it is obvious they have the option to reform as The Bible specifically tells us – by putting on a new personality (either now during the 1st part of their life or during the 2nd part of their life in a perfected DNA body)!

And in a culture where the spiritual dimension of life is often squeezed out,

This is where the bishop has lost The Bible understanding of “spiritual”, and injected a worldly understanding of “spiritual” in its place.

The worldly understanding of “spiritual”, being something ‘ethereal’ – ‘off this planet’ that cannot be quite defined. This is a definition Satan loves to propagate, only because it sends shock waves of confusion into the worldly mind – as I often hear when listening to religious leaders, who just get hopelessly lost, trying to give their interpretation of what ‘it means to them’ – and atheists sitting on the sidelines musing: “I am glad I am not with that lot!”

If the bishop and all those other religious representatives truly knew what “spiritual” really meant, then they would understand that spiritual aspects cannot get squeezed out – because spiritual aspects are inherently ‘the personality’ of the individual.

But what does get “squeezed out” is the spiritual nature of a human coming to understand what Yahweh’s Desire is of them. For the primary reason is that religious leaders have already confused what “spiritual” really means to the general public – only because they do not know themselves – as we clearly witness here!

This is what we witness within Satan’s present worldly set-up, where humans are ‘squeezing out of their life’ a basic knowledge of knowing what The Goal is that they should be aiming towards. But sadly they hear worldly religious leaders speaking nonsense and feel that it has no relevance to their present existence – which they are told by representatives of the three monotheistic religions is only the present, and one existence for you to be judged upon. Religious representatives of The Almighty God Yahweh have failed dismally when they portray this false message to those humans presently in the darkness – but trying to find some sunlight!

questions of the meaning and purpose of human existence become insistent the more they are repressed.

Sadly this is so, especially true when worldly religious leaders completely confuse everything!

This website www.FutureLife.Org very carefully explains Yahweh’s Most Righteous Plan for all of us.

This website clearly explains what the meaning and purpose of human existence is.

I am assuming “they” in the context mean “questions raised” by humans sincerely searching for The Truth. Sadly the listener will get precious little, listening to worldly religious leaders – who stray too far away from The Bible being God’s Word to direct, instruct, assist, command, help, save humans from The Curse of Satan!

Our daily prayer helps us distinguish the different kinds of knowledge and the implications of our decision, our words and actions.

This is just so woolly!

Does the bishop and his peers actually instruct their congregation on how to correctly pray!

Listening to their efforts – they clearly do not. Only because they do not know themselves!

Please read this website to understand what a True Christian should be praying for to fulfil Yahweh’s Desire of them – one example would be my essay entitled “Why do we Pray”.

So I ask the bishop this question:

How does prayer help us to distinguish the different kinds of knowledge and the implications of our decision, our words and actions?

Perhaps I would get an answer like this:

It is God that is The Source of all knowledge and would guide us in our decision making, our words and actions.

My reply would be:

If that is true, then why do so many Christian Leaders show themselves to be very worldly and do things that The Bible specifically instructs them not to do! As I could cite examples: Women Priests/Bishops, Homosexual Priests, Making Saints of humans, becoming involved in Politics, Killing people, Teaching false sermons, etc.

Perhaps the bishop’s replay would be:-

They are all human and make mistakes (because he most certainly cannot disagree with my listing).

And my reply to that would be:-

That is doctrinal and clearly spread over many leaders and thus not personal faults. Further if Jesus had transformed their life on an individual basis then they would abhor anything that was deviant to what was specifically stated within The Bible. And further because ‘their works demonstrate that their mind is “rebellious/resisting/opposing” Yahweh’s Desire’ as specifically written in The Bible then ‘their works that their mind demonstrates is “Satanic” to Yahweh’s Desire’.

Because their works demonstrate their corruptible mind: –

Would Yahweh actually listen to what they say when they pray to Him?

– Especially if they ignore His Word, being what He presently so clearly states in The Bible!

Clearly as The Bible tells us they are false prophets and teachers to which Yahweh closes His ears to them! As The Bible tells us Yahweh cannot work with a two minded person who is like a wave tossed about on the sea (James 1v6-8).

Thus in conclusion to The Bishop’s initial reply

It is god that is the source of all knowledge and would guide us in our decision making, our words and actions.

To which I would reply:

Yes bishop! The god worldly Christians pray towards (as demonstrated by their works in worship) is Satan being the present god of this worldly system where pain and suffering is so pandemic!

And in The Millennium “all hidden things will be shouted across the rooftops” – so that resurrected humans might know and learn how they have been deceived by worldly Christian Leaders for the last 2000 years of The Gospel Age who served their master being the worldly god of mammon (Satan) for self-indulgence, rather than the correct Master being Yahweh to edify their neighbour.

We remember that when the mind knows, we call it reason,

Not True!

Let me explain.

The mind is a place that can hold information being knowledge, and also has the ability to reason (think) upon this knowledge.

These qualities are definitely not the same.

You may have an enormous amount of knowledge (thus “know”), but may not have the capacity to “reason” upon it. Even if you might have the capacity to reason upon it, then you might reason incorrectly, only because you are not skilled to reason correctly on this knowledge to make the correct decision. Further there might be external factors that skew your reasoning to give faulty conclusions – particularly prevalent in Satan’s present world – not helped by worldly Christian Leaders putting a spin on everything – that I need to spend much time and effort in untangling!

Also true in this world you might be perfectly capable to reason upon knowledge, but not have The Correct Knowledge in the first instance – again not helped by worldly Christian Leaders putting a spin on everything!

However The Bible tells us that we are to actively search for The Truth, and in today's world this can only come from personally reading a good quality Bible (certainly not NIV or the Good News Bible – which are best burnt – being merely worldly interpretations of The Original Word). I would suggest you use Concordant (is good) NAS (also good), KJV (a sincere translation, but few minor errors) or better The New Testament translation found on www.FutureLife.Org as being a very accurate amplified translation.

Once we have “The Absolute Truth” as Accurate knowledge within our minds, then we can reason upon it. If we accurately reason upon it then The Bible calls this Heavenly “Wisdom”, being Yahweh's “Knowledge correctly applied” within our life.

If we demonstrate by example what we have learnt from The Bible as being correctly applied within our life, then Yahweh will listen to our prayers and actively respond to further His Desire in accurately spreading His Word to new people – knowing that we are listening to Him because we have already demonstrated it within our lives.

and how essential it is to act in knowledgeable and rational ways.

Sweet talking!

Because the initial part was wrong and not correctly explained then this follow-on is meaningless!

Why?

“Knowledgeable” What does this mean?

What knowledge? Is it sourced from The Bible or from The World?

Depending upon its source, then begs the question whether it should be “essential” to either act upon it or rather be rejected as being worldly!

Further from Yahweh's point of view it might be rational not to act upon worldly knowledge leading to errant acts!

I could expand this so much more with examples, but the reader should now understand the point being made.

When the heart knows, we call it love.

A confusing spin on the truth that would deceive an untrained person!

The Bible tell us that The Heart is the seat of Passion, Zeal, Ardor – being “The Drive” to get something done. It is not the place of love – clearly the bishop is confused with worldly forms of Love, perhaps Valentine's arrow in the heart!

The Bible also calls the heart “treacherous”. Being that it is easily fooled – lurching off in the wrong direction at full speed – being rudderless!

However The Bible tells us that The Heart needs The Mind to steer the direction of the heart.

The Mind is steered by The Knowledge contained within it.

That is why we return back to the earlier section.

Where does this knowledge come from?

Is it from The Bible or from The World?

Thus by gathering true knowledge from The Bible we understand that it is not to be confused with the worldly form of love being “Eros”, but rather “Agape” being the higher form, ‘Principled Love’ that Yahweh has for His Son and that Jesus The Son has for his Father and for those ultimately successful ones of his creation here on this earth. Where “Agape” means that a reasoning entity puts themselves out to help edify a fellow entity (rather than for any vestiges of personal gain).

Thus the heart must accurately know/guided in what direction it is to drive forward, being driven by The Knowledge of ‘Yahweh's Desire for us’ contained within the brain (our synapse construction that forms our personality).

How precious is the love in which we are held by those who are close to us and for whom we are responsible.

Again - sweet talking!

This all sounds very nice to the ear – so very endearing.

But it has been placed within a barrage of misinformation to bolster up infidelity to Yahweh's Word.

But is this what we see around us?

Is there that much love to those who are close to us, and for whom we are responsible for?

Please look at all the News Reports in the media, examples within ‘the broken family’, ‘care’ homes (that is a misnomer in some instances), in dominating companies, ‘The split Church’, one country's attitude to another, etc.

When being knows,

Means that ‘someone’ has some knowledge – either good or bad knowledge from the appropriate source.

we call it meditation

No we do not!

Meditation is when a reasoning “being” carefully considers/questions/reflects/{think carefully}/ponders upon the knowledge they have within their mind. The “being” might reason upon the ramifications on what they have done in the past, and where the present knowledge might take them in life, or what they should do in the future to edify themselves – ideally, to glorify Yahweh.

because in our prayer we seek to know ourselves as God knows us

Again - sweet talking, repeated by many worldly Christian Leaders – because it ‘sounds good’!

But what does this really mean?

Basically it is a worldly cop-out!

So what do I mean?

Firstly listening to the prayers given in churches that I have been very loosely ‘connected with’ (these prayers I would assume are ‘model prayers for the congregation to take home with them, else what is the point) – then I cannot find any words within them that actually help ourselves “to know ourselves as God knows us”!

But now let me explain what The Bible tells us.

The Bible tells us, that we are to come to know God first by taking in knowledge about His most wonderful qualities and through this knowledge we desire to imitate His Son Jesus. By precisely (= accurately) imitating Jesus’ preaching ministry then we know that we have fulfilled Yahweh’s Desire of us.

In this manner we know ourselves, because we have put ourselves through what The Bible calls ‘The refining fire’ of our personality. Our personality becomes changed to what Yahweh Desires as The Bible tells us, “the father chastises the son whom he loves” because He cares for the future ‘being’ of that person. It is The Inheritance of a future “Son of God” that Yahweh is interested in. Being a future son who through adversity in the 1st part of his life clings to fulfil his father’s desire. This is the type of son that The Father loves and will reward by ‘awakening them’ at the 1st 2nd C (see Glossary) to Feast at His Table as one of the 144000.

and learn that we are destined to know, love and serve him in this world

We only learn this from daily reading of a good translated Bible (and not a worldly interpreted bible).

You will not learn this by listening to worldly Christian Leaders!

To “serve Him”. The Bishop does not even know to what ‘god’ he is referring, because he is hopelessly lost in The Trinity myth, hence the blanket “God” used and sadly because he does not know specifically to what “God” he is referring, then ultimately he is serving the present god of this world Satan, by sowing confusion into Yahweh’s Word. As I explain on this website Yahweh’s Desire for the Gospel Age is to pull out by election, 144000 True Christians who imitate Jesus’ ministry (apart from the obvious examples of The Early Apostles and Paul, then an obvious candidate this website cites would be William Tyndale). Satan is now working overtime to sow confusion (as per The Darnel Seed parable) so that this quota of humans is not reached, because as soon as it is reached then Satan is to be restrained – a prospect that he is not eagerly looking forward to facing!

Thus he is working overtime now to sow in confusion so that humans do not imitate Jesus – so that this number cannot be reached and hence his confinement then does not occur (Satan trying to use Yahweh’s Word against Yahweh Himself – being the last remaining card that he can use).

This is what is occurring now at the end of The Gospel Age. Sow confusion into Yahweh’s message so that humans do not know what ‘The Goal’ for The Gospel Age is all about. Please read this website to find out what ‘The Goal’ is for each one of us to aim towards.

and be happy with him for ever in the next.

Well the way worldly Christian Leaders explain things, then it is not going to be populated with very many people! Because they do not TRULY believe in Jesus.

“Belief” means “imitate/copy/enact/{carry through} works commensurate to what you claim to understand”, as Jesus hinted at in John 6v64 when speaking of Judas – being a person who should ‘believe in Jesus’ – because he was with Jesus side by side for 3.5 years! Thus Jesus clearly meant something much deeper than people claiming today: to ‘believe in Jesus’ and then ignore what he did – it makes them hypocrites and effectively no different to Judas – because they ‘deny the required lifestyle’ to imitate Jesus – when having the knowledge!

So sadly we conclude that the vast majority of Christians do not imitate Jesus. The Bible tells us that only 144000 humans can be found during The Gospel Age that Yahweh can consider as imitating His son Jesus.

Thus based upon worldly Christian errant doctrine, what then happens to those worldly Christians who do not TRULY believe, and further of those humans who have never even heard of Jesus to ‘believe in him’ in the first instance?

Clearly the logic of worldly Christian doctrine is wayward and most unrighteous – and does not originate from Yahweh (being Most Righteous) but rather from Satan who is unrighteous and opposes Yahweh’s Desire!

So who is going to be happy and feast at Yahweh’s Table?

The Bible tells us that it will be the 144000 humans resurrected into “spiritual/heavenly/celestial bodies” having passed through The Special/Greater Judgment, being Yahweh’s judgment of each member of The Christian Nation taken from The Gospel Age. The Bible also tells us they will be with “another smaller flock” being those humans before Jesus’ ministry taken out of The Old Israelite Nation (Prophets, good leaders etc). The rest of humans shall be resurrected where they might learn righteousness from these 144000 kings/priests (as The Bible so clearly tells us), so that we might become ‘The Children’ of The Special Marriage that Paul so clearly tells us from the union between The Bridegroom (Jesus) and of his bride (being the resurrected 144000 True Christians taken out of The Gospel Age).

Now if we absorb knowledge during The Millennium, so that we might continuously practice righteousness to our neighbour then we will be happy with Jesus as our king, knowing that we are fulfilling Yahweh’s Desire living within a perfectly operating society. Being a society without wars, stress, hunger, thirst, sores, illnesses, bitterness, violation, locks, keys, spam, phish, passwords, distortion, slander, etc, etc. being a perfect world in which the majority of the resurrected us will be happy to live within.

Just an aside because it is never taught by worldly Christian leaders, because quite simply - they just do not understand The Bible message, and that is we resurrected humans shall be exactly like Adam and Eve in a perfected DNA body with a personality (synapse construction) that needs to be molded to perfection during this education process - if we so desire it to occur. Clearly if we desire to practice selfishness (and thus following the principals of a constrained Satan) then we shall face The 2nd Death of annihilation – being our judgment on (the whole of) our life (being made up of two parts – only because of Jesus’ most righteous/equitable action).

Lord God,

Again the question must be asked:

Which ‘lord god’ demonstrated by works (= worship) is the bishop and peers praying towards?

See the example of the priests of the old Israelite nation given in the writings of Ezekiel!

lift us up beyond the limits of our knowledge and understanding,

A standard worldly statement learnt at seminaries – which sounds great but means absolutely nothing, being merely a stupid request! – Because what ‘on earth’ does it practically mean – in relation to The Bible? - There is nothing like this written in The Bible! I invite worldly Christian Leaders to show me!

It would make more sense if it stated:

“lift us up beyond the limits of our present knowledge and understanding,”

Because then there is a reference point within the request – else it is nebulous!

So what is being asked for, and if we knew what it was, then would Yahweh actually do this for us?

Clearly the answer is No! Because there is no example in The Bible to support this request!

Thus it again comes from Satan to confuse people – make things appear what they are not!

Let me now explain why The Bible would not support this request.

I had better explain what Yahweh’s Desire actually is.

Yahweh is presently only after 144000 people who precisely imitate Jesus to the very best of their abilities – in a most sincere manner (= their innate being = their synapse construction desiring to utterly imitate Jesus, rather than in a fancy hypocritical exterior manner – for worldly gain).

This means ‘they live and breath’ as Paul did ‘to imitate Jesus’ and thus die to any form of inducement that this fleshly world offers as enticements for any form of worldly self-indulgence. This demonstrates to Yahweh and The World at large when the records of the 1st part of their life is replayed to the resurrected world in The Millennium that these individuals are worthy of being called a Son of God because they lived on a vision of The Future being The Expectation of Feasting at Yahweh’s Table (= acquiring more Godly knowledge).

Thus when Yahweh’s stated number of 144000 is fulfilled, then He is able to move on to the next stage of human development (being an education process) – initiated at the 1st 2nd C of Jesus Christ as “the specific god” of us coming to collect his 144000 “Bride to be” and 3.5 years later The Millennium shall be installed – where Satan is restrained.

None of this can happen until 144000 individuals have been elected/chosen ‘out of the pool’ of The Christian Nation existing during the 2000 year Gospel Age (being from 30 CE to 2000 + [a little bit] CE).

Thus as the reader can see I am providing ‘knowledge and understanding beyond the present limit’ of the bishop’s (and his peers) ‘present limits of his (their) knowledge and understanding’!

Why is this so?

Because they have been instructed/commanded by Jesus to preach of this ‘knowledge and understanding’ of “The Gospel” being “The Good News” and none of them do it – as the reader is quite able to witness!

When have they last heard this knowledge preached to them before 2007, being the time when this website became fully operational?

So perhaps – his prayers have been answered – but will he (and his peers) act upon this knowledge?

Time will tell!

Or will it be like the Jewish leaders reaction to The Apostles when they preached exactly this same Good News of The Millennium?

Again – time will tell.

Ultimately it depends upon their heart condition – is it for The World – or for Yahweh?

Basically which master are they serving?

Is it Yahweh (of The Millennium and Eternity) or Satan (of this present worldly system)?

I need to answer the statement I made: ‘There is nothing like this statement in The Bible’.

However The Bible does teach us to gain knowledge, wisdom, understanding and discernment. It also instructs us to pray that we might be more effective in furthering His Desire of us in the aspects where we ask for external assistance to further our efforts in edifying our brother/neighbour. Edifying our brother/neighbour in the aspect of coming into The Truth (being The Fidelity/Assurance) and maintaining their lifestyle to be commensurate with what they have learnt from this knowledge.

Thus the reader will see that the process is as follows:

We honestly take in accurate knowledge from ONLY The Cannon Bible (and not wayward documents of dubious worldly source), and ask Yahweh for understanding and discernment so that His holy spirit might further edify us. We then apply this knowledge/discernment as Heavenly Wisdom in the furtherance of Yahweh’s cause – to edify our neighbour to what Yahweh’s Desire is also of our neighbour. Thus it becomes a righteous ‘chain reaction’ where the neighbour replaces us, when we move on (into another ‘village’) to find another worthy neighbour that might become a future Son of God. This is ‘all’ that Yahweh is instructing of His Slaves.

This is ALL that we are instructed to pray for assistance to fulfil – and nothing else – else it worldly –

irrespective of what worldly Christian Leaders might state in error. I fervently ask these wayward worldly leaders to contact me by email quoting Bible scriptures (in context) to support what they state in error!

But as The Reader is able to witness – edifying our neighbour so that they might know of Yahweh’s Desire is not being done by the absolutely vast majority of those humans who claim to come in The Name of Jesus.

Their principal motive is ‘look after number one’ – ‘edify the self’ in this present world (in whatever form of self-indulgence that they want to take from this world) rather than edify their neighbour to attain The Goal to fulfil Yahweh’s Desire ready: “To herald in The Millennium”. In this manner they are like The Pharisees in the day of Jesus being hypocrites to ‘The Name’ they claim to come and represent, being hypocritical because it is not in ‘The Character’ and hence ‘The Authority’ of Yahweh through Jesus.

that we may see this world

The Greek for “world” means “adornment” which means “Life” on this planet.

And in understanding this, the reader will see that the previous phrase, together with this and concluding phrase make no logical sense – but merely a lovely sound-bite to please the listener’s ear – and make them feel good – as I carefully explain later!

and its people created, known and loved by you.

If the reader was correctly told by our present worldly scholars/theologians what “ho Theos” in the Greek really meant when written in The Bible then it would be known that it was Jesus as “the specific god” of us being The Entity that created us and not Yahweh directly. It was Yahweh Who created The Universe and all the building blocks – being The Laws of Nature, but it was Jesus who was given The Responsibility by Yahweh to use these building blocks to form DNA and The Life that we witness today and what we see in the geological records over the eons of time on this planet Earth. Thus it was our creator Jesus (in John.3v16) who so loved his creation that he as the only begotten son of Yahweh dispatched/offered/volunteered himself as The Ransom Sacrifice for his creation before His Father’s Edict on Sin.

It is only because worldly thinking scholars/theologians have thought “ho Theos” was an absolute pointer to The Almighty God that they dreamed up The Trinity myth sourced by Satan (the fallout being the confusion we witness today)! What they did not, and still do not seem to understand is that it is ‘a floating pointer’ depending upon context as I clearly explain elsewhere (being a commonly used term in modern software writing – but being used some 2000 years ago in Bible text)!

Now I move onto my main point - again as I cover in many places on this website.

The Almighty God Yahweh who is The Pinnacle of Perfection does not love us, being all who are sinful – particularly those who are willfully sinful – and especially those who are iniquitous (being those who know what is sinful and then enjoy being sinful)! Thus this general statement given by all worldly Christian Leaders is an erroneous statement misrepresenting Yahweh, repeated by a human (supported by fellow peers) who claims to represent Yahweh!

This seems rather iniquitous to me – but I may be wrong!

Thus we can reason that ‘Jesus loves The World (being “The Life” he created) - being The Culmination of The World’, when it (human life) has all passed through “the fire of refining”. For the 144000 it comes during the 1st part of their life being assured (guaranteed) everlasting life as Sons of God (by their names being placed upon “the scroll of [guaranteed] life”), and those remaining humans (being everyone else) who are successful – it shall then occur in the 2nd part of their 2 part life within The Millennium.

It is **The Resultant** that Yahweh through Jesus shall love, being what is collected and stored in His Granary. But both Entities detest what is occurring at present, particularly those humans who misrepresent Their Interests here on The Earth, and upon those specific individuals, Both shall be vengeful (as The Bible so clearly tells us in many places) – because They Both do **not** love iniquitous behavior – but rather detest those humans who practice iniquitous behavior ! It shall be Yahweh Who will be vengeful upon those who distort and twist **His** Word!

Amen

Would Yahweh endorse this worldly prayer?

Clearly not!

The reader is able to see that I am facing an enormous task in trying to untangle the distortion preached in The Name of Yahweh through Jesus. It is not just here in this one example – but everywhere in society!

It is really hard work because errant worldly Christian doctrine is just so pandemic, pervading through all sections of society and the practitioners have had decades to get The Doctrine wrong and centuries to swerve even further from The Truth! But we are at the closing of The Gospel Age when Yahweh is disclosing all things by the power of His holy spirit making “things known in due season” and the season is **now** at the present closure of The Gospel Age and soon to be heralding in of The Millennium.

Why?

Because times are going to become so difficult/stressful as they have never been before (as The Bible clearly tells us in at least four different places) for **all** humans (on every continent) that Yahweh is making known to all humans that there **is** to be a wonderful future after this present worldly system ‘disappears down the plug hole’! Basically this will occur when virtually all humans shall ‘fight each other’ (displaying basic selfishness) over the diminishing resources that this planet can offer. Sadly it must end like this (being demonstrable) during The Gospel Age because worldly inspired Leaders still keep claiming that they can solve The World’s problems rather than acknowledging The Rightful Owner, Jesus being the **only** one who **can** and **will** - when given full authority to do so by his Father – The Almighty God Yahweh in The Heavens.

So what “Prayer for the day” would I give on this subject?

Humans physically come in all shapes and sizes, likewise their spirituality being their personality (as a mode of operation) also metaphorically comes in all shapes and sizes being conditioned by two things. The first is an internal desire to selfishly put “me first”, and the second is guided by experiences of The Environment. It is the human’s ability ‘to reason’ that marshals the combat between these two sources to ultimately develop the individual’s future personality.

Paul tells us that humans are led by their conscience which may lead to a person to having a good or bad personality, but in all instances the ultimate works that we perform make us sinners to The Standard required by Yahweh of all entities in The/His Universe. Because Yahweh **is** The Standard of Perfection, then those entities who desire/yearn to ‘reason imperfectly’ to advantage ‘the self’, for the disadvantage of their neighbour then deserve ultimate annihilation from His righteous system of ‘Universal Operations’.

All life on this planet as witnessed through the eons of Earth time are the result of Yahweh’s Son Jesus experimenting with the building blocks of DNA, under the supervision of The Father Yahweh. The culmination of Jesus’ creation was Mankind with the ability to reason upon abstract qualities, recognise Deities and make intellectual moral decisions about the welfare of his/her neighbour. This put The Human into a different category to animals that may have walked in a similar manner to Adam and Eve being mere prototypes of what were to come. However within this human pair was given the opportunity of living in a perfect DNA body with all necessary self repair mechanisms, now lost within the junk DNA, but further, a mind that needed to be developed at an individual level.

We as individuals being the progeny of this original pair were given just that opportunity over 6000 years, with the promise in Hebrew being that 7 means “complete” and in relation to Yahweh also “perfect”, that the 7th 1000 years would be a time when our personalities shall be given the opportunity to be completed and ideally perfected – if we so choose.

Jesus our Creator so loved his ultimate creation that he offered his life as a ransom sacrifice to enable all humans this 2nd and last opportunity to get their personality inline with what Yahweh Desires, by giving each one of us a resurrection into what will be the 2nd part of our life within a perfected DNA body to experience what living in a righteous society is really like. Thus we will all have an opportunity to make an informed decision, based upon ‘getting to like the experience’ of a righteous operating society in the 2nd part of our life under The Most Righteous rule of our Creator Jesus – correctly instructing us, when compared with an evil society operating under Satan inept management within the present 1st part of our life.

If we like what we experience, being that we edify our neighbour’s needs before our own, and this being mutual within this righteous society then we shall continue the 2nd part of our life for an eternity. If at the end of experiencing this for a 1000 years we freely choose to exercise personal selfishness to advantage ourselves over our neighbour (as our former sinful selves) then we shall face eternal annihilation – being as though we never existed – because Jesus only died ‘the once’ to cover the 1st part of our lives.

Almighty God Yahweh I give You intense praise that You made this most righteous plan possible through the power of Your holy spirit, and further I give utmost thanks to my immediate Creator Jesus for giving me and my neighbour one last opportunity to get our life correct to Yahweh’s Standards.

I now ask my reader – as I do in all my examples:

What “Prayer for the Day” do you think Yahweh would like to be presented to humans?

I think the answer is obvious.

Also the next question would be:-

What would the reader think about someone claiming to represent their interests, but in actuality represents the interests of The Opposition?

Again, I think the answer is obvious.

However it is the reader’s personal responsibility to audit what said in The Name of Yahweh through Jesus against what is specifically written in The Bible. And this is only going to be possible if the reader takes information directly from The Bible by reading it rather than ‘the minced message’ through those who claim to represent Yahweh.

Those representatives being audited have an opportunity to learn from their mistakes – that is the whole reason for an audit – to give time before The Big Day of Reckoning arrives – being one of judgement.

Please treat all these writings of mine as just that, merely ‘an audit’ to give correction and direction, to assist and cajole the mind of those who claim to represent Yahweh the opportunity to learn of what Yahweh really desires from those who claim to come in His name – so that they might change what they preach to be inline with what Yahweh Desires to hear taught to His subjects.
