

Let us ask of ourselves:

What is the Big Elephant in the room of which we dare not speak unless we are in our own social grouping?

“Religion!”

Why is this so? Yet it should not be like this if we are to strive to attain “The Absolute Truth” in whatever subject!

If we were atheists, then we would not want to waste our time on speaking about such nonsense!

If we are religious, then we are too scared to broach the subject to any person outside our 'group think' because so little tangible knowledge prevails – except disjointed concepts/myths that would only lead to unresolved controversy.

That is the problem with “Religion”, it is only “two dimensional”, that has no supportive depth into the third dimension, and it is something based upon uncorroborated hearsay, of a mythology invented by someone long ago. I state “hearsay” because nothing can be substantiated by question and answer, as would be required in a Court of Law, and thus the content must be dismissed as “unproven” and most likely to be irrational or false! Because as we know only too well, there is so little “Absolute Truth” in The World regarding things “untestable”, but a mass of misinformation and lies, given in the attempt to “Control People” to do one’s bidding with minimal external effort! Interestingly, leaders of “Religion” are too afraid to be comprehensibly questioned in depth about their (blind) faith, through many layers of “Why”, for fear their ‘faith’ should be exposed as “shallow” and thus “fraudulent”!

From today, I would like to throw down the gauntlet of a public challenge by “Strength of Argument” against The World’s most acclaimed and eminent scholars and theologians of all The Major Religions of The World in a similar 'spirit' as did Elijah to the prophets of Baal as recorded at 1Kings.18v16-40.

We must realise these religious leaders are intelligent people and thus cannot intrinsically believe what they state, but operate in a state of hypocrisy by using their education as a convenient rouse to gain a fleshly living by twisting the mind of deceived devotees to pay for “worldly services rendered”. This is repeated generation after generation.

I intend to show by “Strength of Argument” 'once and for all time' the separation between “Religion” and “The Word of God” (as contained in The Bible) that is regrettably never taught by leaders of Christendom.

They have “defaulted upon their duty” and are thus “reprobates”, hence Yahweh wholesale rejects them (Luke.20v16).

“Yahweh” gave “Part 1 of God's Word” in “The Tanakh”, and entrusted it unto The Jews to fulfil it.

The “Anointed Jesus” became “Part 2 of God's Word” to righteously answer “Part 1 of God's Word”, and likewise entrusted it to The Christians to fulfil by accurately teaching it unto The World.

Sadly “The Professional Leaders” of both groupings made it their “Professional Business” to bend/twist “God's Word” into a most irrational nonsense that can save no person and by consequence, makes Yahweh look stupid to the sane/reasoning mind of “The Atheist”!

All professional leaders of “Religion” operate on the principal of “Divide and Rule”.

Else why perpetuate mystic differences that alone are presumably required to ‘save someone’ when supposedly there is only one “Almighty God” of The Universe having only one set of requirements to achieve ultimate “Spiritual Perfection of The Mind” for us to continue in a “Perfected Physical Body”?

Nevertheless, what is my “Authority” to make the preceding statements?

I have consumed more than 50,000 personal man-hours in only studying The Bible (and not of Man’s muses within seminaries, noting John.7v15, Acts.4v13, Gal.1v10, Matt.23v15), of principally The New Testament to strategically piece together Yahweh's Plan. This was done in parallel to my secular work of starting a multi-national electronics company some 30 years ago.

I have generated “The Most Accurate English Translation” of “The New Testament” available to The World; so accurate that the translation is commutative, inasmuch the original Greek can be derived from the given English.

This is a boast of “translation precision” that cannot be made of any other English translation on the planet, so why go elsewhere for “The Fidelity” of “The Absolute Truth” proven by “Strength of Argument”. This original work explains new concepts and understanding that shall ultimately become accepted as “**The Prime Reference Standard**” for The World to use.

I have written thousands of inter-verse commentaries to all the books of The New Testament, each commentary explains precisely what was in the mind of The Scribe and links The Whole of The Bible together to make visible “Yahweh's Plan for Human Salvation” that is presently completely hidden by our most worldly 'illustrious' religious scholars and theologians.

Why do they not teach “**The Principal Thing**” in The Bible?

Because they do not recognise, nor “believe” this “Plan” exists, so they teach all manner of other things (Matt.23v23) for the self-indulgent gain of both parties, the leaders and the recipients - to remain “**human**”! Interestingly:

Yahweh does not ultimately want “Humans” to exist, but people who imitate “The Anointed Jesus”.

That is why The Bible was given to us, to explain this “Process of Transformation” from where we are now, unto where we are supposed to be going to achieve this goal.

The full depth and spread of this plan (presently unknown today) is freely available to The World on my website.

A high level explanation of Yahweh's Plan could be given in two paragraphs, of which I do, but I substantiate it with more than 4,000,000 words of most detailed exegesis because I am forced to take the output of our worldly Christian leaders and rigorously, by “Strength of Argument” show what they teach is “unrighteous nonsense”. Sadly, they teach a “**Gospel of Excuses**” (Jude.v4) of a “**New Jesus**” (2Cor.11v4) that bears absolutely no resemblance to

“**The Original Jesus**” of some 2000 years ago. This website teaches “**1st Century Christianity**”, of which “professional religious leaders” quickly morphed into “**worldly Christianity**” that further evolved into its present 40,000+ schisms that plagues the planet for an easy living, because for them, it is easier to move the mouth than the limbs (Luke.16v3)!

I have constructed a most viable and righteous scenario to wholly decimate “Religion” that covers this planet.

So I cordially invite **all** leaders of “Religion” to embrace this “Public Challenge”, else they should shrink away to hide their impotent and fraudulent position when it comes to “**The Salvation of Mankind**”!

Perhaps they should prepare themselves for what they are to face in this contest by reading “FutureLife.Org”.

Quite simply, in the rational scientific community, then “The Best Hypothesis” gains traction and the rest sink.

Likewise, let “The Best Hypothesis” sink all its competition by “**Open Public Debate**”!

At “The Gospel Age Close” let “The Real Knowledge” of our future be freely transmitted to all The World (Matt.24v14). I presume this challenge has not been previously declared, because supposedly leaders of “Religion” sensibly reason, “when in glasshouses, then it is advisable not to cast the first stone”!

Which says so much about their “blind faith”!

Consider this as a summoning into “The Dock” to be “Called to account” before “The Rest of The World!”

After this opening salvo, I shall present “The Growing Evidence” over the next six expositions, commencing with “The Plan Explained”!
